

Fast-Track Commercial Valuations

Commercial Desktop

Opteon's Commercial Desktop Assessment is a market-first solution developed around a defined property profile and a disciplined risk framework. It's fast, cost-effective, and fully backed by Professional Indemnity insurance, so your team can act with confidence.

Empower your bankers to act fast, engage borrowers early, and strengthen relationships with data-backed insights. Commercial Desktop helps lending teams lead with speed and certainty.

Key Benefits

-  Delivered in days, not weeks
-  Full PI cover for peace of mind
-  Verified through our Valuation Management System (VMS)
-  Includes risk commentary and robust data checks
-  Seamless escalation to full valuation if needed

About Opteon

Opteon is a leading independent provider of valuation, advisory, and specialist property services across Australia, New Zealand, and the US. We combine deep market knowledge with smart technology to deliver valuations that are fast, accurate, and defensible.

Ideal Use Cases

-  **Annual Reviews** – Stay aligned with APS220 and manage portfolios efficiently
-  **Equity Draws & Restructures** – Simplify loan maintenance and improve customer experience
-  **New Security Approvals** – Speed up decisions for low LVR properties
